

PIONEER NO-CODE SKILLS FOR EDUCATORS

Apps built by teachers, for teachers.

A hands-on, project-driven course designed to empower educators with basic no-code skills to streamline workflows, enhance teaching, and innovate education management.

Course Overview

The Power of No-Code in Education

Discover how no-code tools can empower educators to solve unique challenges, streamline workflows, and drive innovation in teaching and administration.

From Problems to Solutions

Learn to identify inefficiencies in education systems and develop practical, scalable solutions using accessible, user-friendly technology.

Building the Future of Education

Equip yourself with the skills to lead the transformation toward more efficient, creative, and student-focused practices in your school or classroom.

Learning Outcomes

- ✓ Understand the principles of no-code development
- ✓ Framework to identify contextual inefficiencies to solve using no-code tools
- ✓ Gain pioneer skills in:
 - Creating relational databases
 - Designing custom apps for classroom or school-wide use
 - Automating repetitive tasks
- ✓ Build real-world projects designed to give you the skills to apply to your own context.
 - Class progress dashboards
 - Student rewards and recognition app
 - CPD resource hub

Because when teachers build, everyone learns.

About Us

TEACH:BUILD was founded by a former English teacher and no-code expert with a background as Director of Digital Learning and Innovation. Driven by firsthand experience, we bridge the gap between education and technology to solve real challenges.

Our team includes ex-Headteachers, EdTech consultants, change management experts, and cultural coaches. Together, we bring decades of expertise to help educators streamline workflows and create innovative, human-centred solutions.

WHO IS THIS COURSE FOR?

- ✓ Teachers, education leaders, and school administrators
- ✓ Educators passionate about improving workflows without relying on expensive or rigid tech solutions
- ✓ Innovators ready to lead the change and introduce modern tools in their educational environment

Why Choose Us?

Designed by Teachers

Built by teachers who understand the realities of teaching and school leadership.

Industry Experts

Our diverse and experienced team ensure you receive top-tier guidance.

Practical and Results-Focused

Actionable strategies and tools that you can implement immediately.

Personalised Support

We work closely with you to help you deploy your solutions confidently.
